Profile

Self-motivated UI/UX designer with 2 years of experience in creating exceptional digital experiences. Experienced in creating exceptional digital experiences, specializing in intuitive and engaging interfaces. Proficient in Android, web, user research, data visualization, and marketing design. Eager to take on new challenges in a competitive remote environment to build meaningful products.

Experience

UI/UX & Graphic Designer · Frikly

[May 2023 - [Aug 2023] · Nagpur, India

- I successfully designed a user-friendly and visually-striking interface, which led to a significant increase in website traffic, attracting thousands of daily visitors.
- I also worked closely with a web development team to create a strategy for designing and development. This collaboration resulted in a seamless and inviting shopping experience for both customers and vendors a like.

UI/UX Designer · Writingo

[Apr 2023] - [May 2023] · Bhopal, India

- As a UI/UX designer in an AI-based startup, I collaborated with developers, embracing an agile approach, to create Phase 2 of our website, fostering innovative ideas and delivering a seamless user experience.

Frontend developer & designer · FixPoint Official

[June 2022] - [March 2023] · Bhopal, India

- Collaborated closely with development and marketing teams to create visually appealing web interfaces, improving user experience.

Freelance UI/UX

Dec 2022 - Present

- Worked with **20+ global clients** on diverse projects, spanning SaaS, e-commerce, NFT, and education, delivering tailored UI/UX solutions to meet their unique needs and objectives.
- Led and coordinated multiple web development projects, ensuring timely delivery and adherence to client specifications.

Extra activities

Volunteer

- As a National Service Scheme (NSS) Volunteer, I contributed to community development and social service initiatives.
- Led innovative branding strategies as Head of Design for the AI Club and Events at Oriental Institute of Science & Technology.
